THERE'S MORE TO MAKING DIAMONDS

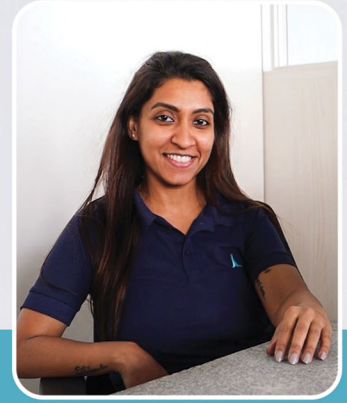

KG CONNECT
NEWSLETTER

Editor's Note

Dear All,

Welcome to the first edition of our 2026 newsletter. As we begin a new year, this edition brings together the early moments of the first quarter—reflecting our progress, experiences, and the collective efforts that set the tone for the months ahead.

Every organization is built not just on systems and processes, but on the people who quietly contribute to its journey every day.

Through these pages, we bring forward experiences from the past quarter—highlighting the events, initiatives, and efforts that have shaped our progress over the last three months. We have also shared a journey that reflects the spirit of growth and commitment within KG.

This quarter also brought meaningful moments of celebration and togetherness. From KG carnival to the annual cricket tournament, to the visit to an old age home to women's day and Holi, each of these experiences created opportunities to connect beyond our day-to-day work.

This edition is not just about achievements, but about the journey behind them—the consistency, effort, and willingness to evolve over time.

We extend our appreciation to everyone who has been a part of this journey, in every small and big way, and who continues to contribute to KG's growth every day.

These moments remind us that while we continue to grow as an organization, it is equally important to carry forward this spirit of participation and connection in the times ahead.

Here's to a year of new milestones, continued success, and many more moments worth celebrating.

Warm regards,
Priyal Pachauri
DGM - Marketing & PR

From The Desk Of Management

Dear Team,

Over the past year, we have operated in a challenging global environment, yet what stands out most is how our teams have responded-with consistency, ownership, and focus.

Our core goals have continued to progress steadily, reflecting the strength of our systems and the commitment across teams.

One of our key achievements this year has been the continued recognition of our DTC Sightholder status, reinforcing our long-standing credibility and partnership since 1996. The successful restart of our Botswana factory, along with strong performance from its SEZ operations in Surat, further strengthens our global footprint.

On the production front, nearly 40% of our manufacturing has now shifted to an order-based model. Achieving this in smaller-size goods reflects strong planning and execution capabilities.

We have also built solid expertise in antique shapes through our Mumbai team, strengthening both our design and production capabilities. In challenging times, we demonstrated true ownership by proactively taking up job work from outside parties, ensuring continuity of work for our polishers and teams.

Alongside our business progress, our core values-people focus, sustainability, and team engagement-continue to remain strong and integral to how we operate. Looking ahead, our focus will be on automation and the adoption of AI to further strengthen efficiency and scalability.

As a group, we continue to grow across businesses, supporting each other with leadership and capabilities-creating a stronger, unified organization.

Thank you for your continued efforts and commitment.

Warm regards,
Mansukh Nakum
General Manager

IJS Bharat Signature Mumbai

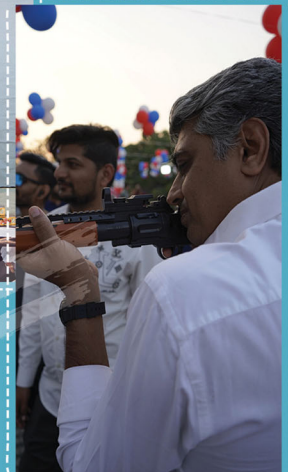

The year began with our participation at IJJS Bharat Signature, Mumbai-one of the industry's most prominent jewellery exhibitions. We showcased a clear design direction, centred on the revival of old-cut diamonds, presented in a contemporary style.

This unique approach resonated strongly with visitors, who appreciated the blend of classic craftsmanship and modern aesthetics. Our stall witnessed encouraging engagement, meaningful interactions, and a positive response to our collections.

IJJS proved to be a valuable platform to connect with buyers, share our vision, and reaffirm our commitment to distinctive design and heritage craftsmanship.

KG Carnival

KG Carnival was truly a one-of-its-kind celebration this season-bringing the KG team together like never before. With vibrant stage performances, creative business stalls, delicious food counters, and exciting games curated by our own teams, the carnival blended entrepreneurship with entertainment. It was a day filled with collaboration, creativity, and connection beyond the workplace. A celebration of talent, teamwork, and the unstoppable KG spirit!

KGPL Auction

The KGPL season began with an energetic in-house auction for team formation. Six team owners took charge of the bidding, creating an atmosphere filled with excitement, strategy, and friendly competition.

The event also featured the much-awaited jersey and trophy reveal, adding to the anticipation for the matches ahead. Overall, the auction ceremony built a strong sense of team spirit and enthusiasm, bringing everyone together and setting the tone for an exciting season ahead.

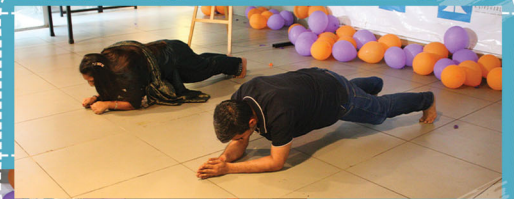

KGPL Match

What began with the thrill of the auction came alive on the pitch at KGPL 6.0! Over two action-packed days, the KG team competed with passion, strategy, and determination as every match brought roaring energy and unforgettable moments. Beyond the scorecards, the event was a celebration of bonding, sportsmanship, and true team spirit. From the auction room to the cricket field, KGPL 6.0 truly reflected unity, enthusiasm, and the joy of coming together as one team.

Women's Day Celebration

Women's Day celebration was planned as a relaxed and engaging break from the workday. Canvas tote bag painting set the tone, with everyone exploring colours and designs in their own way. This was followed by a series of engaging activities that sparked laughter, friendly competition, and plenty of cheering all around.

The most creative tote bags were recognised with small prizes, and as a token of appreciation, all women were presented with thoughtful gifts, adding a meaningful touch to the celebration. With pani puri rounding off the day, the celebration turned into a cheerful and well-spent break from the routine, filled with shared moments and great spirit.

Holi Celebration

Holi celebrations were truly alive with colour, energy, and festive spirit. Everyone was dressed in white, ready for the colours of Holi to bring the day to life, while the vibrant décor set the perfect backdrop.

Everyone came together to enjoy music, dance, and the spirit of togetherness. A fun photo booth with props added to the excitement, capturing cheerful moments throughout the day.

Filled with colour, laughter, and shared enthusiasm, the celebration turned into a lively and memorable experience for everyone involved.

Visit To An Old Age Home

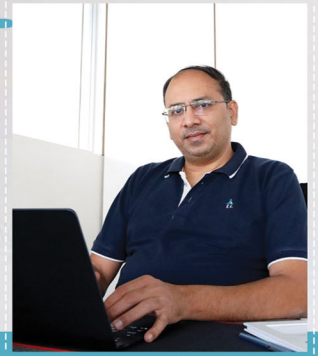

As a part of community initiatives, we visited an old age home and served a wholesome meal to the residents. What started as a simple act turned into a deeply moving experience.

We also spent time with the elders, simply listening to them-because sometimes, having someone who truly hears you makes all the difference.

The warmth in their smiles and the quiet gratitude in their expressions made every effort feel worthwhile. It was a moment that gently reminded us of how much we have, and how meaningful it can be to share even a small part of it. In its simplicity, the experience left a lasting impact, making it truly special for all of us.

Story of Growth-Monil Kansara

What began as a simple role for Mr. Monil has, over time, evolved into a journey of significant contribution to KG's technological and operational evolution. His journey is defined by ownership, adaptability, and continuous learning.

Before joining KG, he gained experience in data entry during a time when businesses were transitioning from manual systems to computers. Initially hesitant to enter the diamond industry, he still decided to appear for the interview. Interestingly, at a time when even basic computer knowledge was not common, the only question he was asked was the shortcut key for print. His confident answer - Ctrl + P - reflected not just familiarity, but readiness to adapt to a changing, tech-driven environment. That small yet significant moment marked the beginning of his journey with KG.

Starting with basic data entry of rough stones, he worked in an environment where reports took hours to generate. A major turning point came when he resolved a critical reporting error, earning him direct trust from management.

He went on to lead multiple first-time projects - like early CCTV systems where recordings required manual logging, and large-scale data consolidation during the centralization of manufacturing, which he completed almost single-handedly with relentless dedication.

His role expanded beyond technology. He coordinated with a US-based agency for branding, ensuring high-quality outputs while optimizing costs locally. During KG's transition to an integrated facility, he managed servers, CCTV, and played a key role in achieving ISO certification. He further upskilled in Oracle D2K, contributing to in-house software development and documenting manufacturing processes to align operations with systems.

During COVID, he spent months in Botswana setting up a fully functional factory. His versatility extended even beyond core operations - he contributed to the setup of Dome Pizzeria, from sourcing materials to initiating vendor relationships.

Later, at the GHB facility, he helped achieve a major milestone - a fully wireless, seamlessly connected factory infrastructure. From solving critical technical issues to leading diverse, high-impact initiatives, Monil's journey reflects true ownership and an unwavering commitment to growing with KG.

Monil Kansara
Senior Manager - IT

A HEARTFELT THANK YOU

As we wrap up the first quarter of 2026, we extend our heartfelt gratitude to every member of the KG family for making this journey so vibrant and meaningful. Each event, initiative, and celebration reflects the passion, dedication, and spirit that define who we are.

The energy and enthusiasm we've witnessed in these first few months set a powerful tone for the year ahead. With many exciting initiatives, milestones, and opportunities on the horizon, we look forward to continuing this journey together-growing stronger, achieving more, and celebrating every success along the way.

Here's to building an even more remarkable 2026-together.
